

ELECTRIC SERVICE REQUIREMENTS APPLICATION

SERVICE PLANNING
407-691-7828

Winter Park Electrical Customer,
To help ensure the process flows as smoothly as possible with your current project, please supply the information requested below.

This completed form, an electrical plan indicating the load schedule and plat plan (maximum acceptable plan size is 11" x 17"), are REQUIRED DOCUMENTS at the time you submit your plans for a building permit.

Failure to supply this information to Winter Park Electric Utility may result in project delays and costly redesigns. Thank you.
