401 S. Park Ave.
Winter Park, FL 32789
mission
To improve the quality, sustainability and aesthetics of our environment in order to create a healthier, more beautiful place to live, work and play for today’s residents and future generations.

about
In 1993, the City of Winter Park’s Keep Winter Park Beautiful (KWPB) program was recognized as an official affiliate of Keep America Beautiful. In the summer of 2012, the KWPB Advisory Board merged with the city’s Environmental Review Board to create the Keep Winter Park Beautiful & Sustainable Advisory Board. While the new board is still committed to the original mission of preserving and enhancing the community’s beauty, it is also the city’s lead advocate for promoting the environmental, economic and social sustainability of Winter Park.

Led by the Keep Winter Park Beautiful & Sustainable Advisory Board, the city’s first Sustainability Action Plan (SAP) was a collaborative effort involving the entire community, creating a roadmap for a sustainable future.
