Termination by Us

We reserve the right to discontinue the Service or modify the terms and conditions for the Service at any time for any reason upon written notice to you. Nonpayment by you for the Service will result in termination of the Service by us. Should we elect to discontinue the Service, you would be entitled to a refund of any unearned payments made to us.

Service Requests

You must contact us directly for all covered service requests. When you request service under this Agreement, we will have one of our authorized contractors contact you within two (2) business days (unless you specify otherwise) to arrange service. The two-business-day response time cannot be guaranteed during or after extreme weather, earthquake, fire, floods, or other acts of God. We will NOT pay for any services that are performed by electrical contractors who are not dispatched by us. For any covered services up to the \$1200 annual limit, there will be no additional charge to you. If you choose to hire our authorized electrician to perform the non-covered repair, you are responsible to pay the electrician directly for all non-covered services rendered.
