Incident

The Winter Park Police Department was contacted by a soccer league official who requested response to a disturbance between league officials and the parents of a player. The league requested the family leave and offered to refund the league cost to family. Shortly after arrival, the officers were requested by the league official to communicate with the family as he did not want to further a disturbance. The family stated the game was over and they were leaving. The family was cooperative with the officers and were provided with an event number for the incident at their request. The incident was a civil matter between those parties and not criminal. No one was arrested, trespassed, or forced to leave the park. The Officers body worn cameras confirm the above information.
