The City of Winter Park's construction update for Fairbanks Avenue.

Project update

June 17, 2013

- Masci Construction continued installation of sanitary sewer at night. As of 6/12/13 the following nighttime sewer work remains:
 - Completion of gravity sewer and lateral on Clay Street south of Fairbanks Avenue.
 - Concrete encasement Blue Heron Drive gravity sewer where it crosses existing water main on Fairbanks.
 - Removal of contaminated soil and installation of 6" lateral at Station 133+98.
- Masci/K&B Rosetta Construction continued concrete sidewalk removal and replacement on north and south sides of Fairbanks. New sidewalk is estimated to be approximately 90 percent complete.
- Masci worked on installation of sewer MH inverts.
- United Signs & Signals worked on installation of new signs.
- United working on miscellaneous items related traffic signal and light pole installation.
- FDOT completed repair of 36" RCP storm sewer between Cherry Street and Harold Avenue, repaired void under adjacent driveway, removed/replaced settled driveway and curb/gutter.
