Staff Recommendation
Staff recommends the installation of an ossuary, communal repository of cremated remains. See attached diagram.

- A fenced in area 40' x 40' would be partially bricked and the other section a low maintenance foliage bed.
- Inside the foliage bed would be a gazing ball or other feature that would cover the opening for the ossuary.
- The ossuary is an underground concrete vault with a pipe above ground. The pipe opening is lockable.
- Once a month, the ossuary will be unlocked for "burials."
- Pricing:
  - Interment of cremains only: $30

Proposed rules for the "Citizens Century Collection":

- The honoree will be eligible upon reaching the age of 100 years.
- The honoree must be a long-time Winter Park resident. (minimum 25 years)
- An application must be made to the City requesting approval of the resident as an honoree of the Citizens Century Collection.
- The Citizens Century Collection plantings will be designated in Central Park or Martin Luther King, Jr. Park unless otherwise requested and approved by the Parks and Recreation Advisory Board.
- The City will provide the tree and planting at no cost to the honoree.

- A tree dedication ceremony will be held to honor the recipient and designate the tree as part of the "Citizens Century Collection".
- A temporary tag will be attached to the tree for information and recognition of the Honoree. (plaques will not be permitted)

Staff Recommendation

Discussion of proposed "Citizens Century Collection" rules, add or modify and approve draft policy for City Commission approval.
Purpose: The purpose of this policy is to establish guidelines, standards, and procedures for the installation and care of trees planted in honor of residents who reach 100 years of age.

General: A request for a tree installation in particular Citizens Century Collections will be considered in honor of residents reaching 100 years of age. Citizen Century Collections will be established in Central Park and in Martin Luther King Park.

Requests for installation of an honorary tree in any other park will be subject to approval from the Parks and Recreation Advisory Board.

Guidelines established by this policy will only apply to all requests made after the effective date of this policy.

Maintenance: Trees will be maintained by the city. Trees are subject to peril from insects or harm and may be replaced should a tree not survive.

Cost: The City will cover the full-cost of the purchase, installation, and maintenance during the expected life cycle of the tree and will provide a temporary marker.

PROCEDURE:

Application: The donor must contact the Parks and Recreation Department with a letter of request and a completed application form. Applications are available through the mail/e-mail, on the City website or in person at the Parks and Recreation Department. Completed applications should be submitted to the Parks and Recreation Department for review and processing to the attention of the department director.

Criteria for Acceptance:
The request for Century trees within Central Park or Martin Luther King, Jr. Park will be considered by the Department Director. Proposals may be subject to approval by the Urban Forestry Division, Parks and Recreation Advisory Board, and, in certain circumstances, City Management and Commission.

- The honoree must be at least 100 years old.
- Must be a long-time resident of Winter Park, at least 25 years.
Acknowledgement: A temporary badge will be placed on the tree that bears the name of the honoree. This plaque will be removed within 90 days so that no permanent damage to the tree occurs. No permanent memorial plaques will be installed for tree installations.

The GPS location of the tree will be provided on the City Of Winter Park website.

Trees: The size and species of trees shall include Life Oak, Tabebuia, Sweet Gum, Magnolia Grandiflora, Red Bud, Cypress and Chaste trees. Any other requested species shall be subject to approval by the Parks and Recreation Advisory Board.

Installation: The trees will be installed by the Urban Forestry Division with the assistance of the Parks and Recreation Department. A tree dedication ceremony will be held to honor the recipient and designate the tree as part of the Citizens Century Collection. Any refreshments or fare shall be the responsibility of the applicant. The installation will be scheduled at a time and date as determined by the Parks and Recreation Department so as not to unnecessarily interfere with routine park maintenance activities.

Removal and/or Relocation: This section applies to both existing and new trees. The City reserves the right to remove and/or relocate park elements when they interfere with site safety, maintenance, or construction activities or if the tree does not survive.
