Chair’s Report  
Ms. Gulden reported that the Board currently has 5 vacancies (4 reg., 1 alt.) and we would like to actively seek out potential board members and encourage them submit applications. The areas of expertise we are looking for are marketing, food, transportation and fundraising. The Board agreed to add Rollins College as an identified area.

Staff Report: Staff report was emailed to board members. A question about the Earth Day fundraising will be answered during that report.

Action:  
No action items.

Green Minute:  
Mr. DiClemente reported that he has cans at his house with organic matter, leaves and such. The landscapers across the street used them to dispose of trash from their lunch. His wife made them take their trash out of the cans and take it with them. Recycle cans need to be very identifiable to prevent this from happening.

Mr. Castle shared that some lawn maintenance company had dumped all their debris in the dumpster at the Wells Fargo Bank at the corner of 17-92 and Fairbanks covering the dumpster.

Ms. Tensfeldt reported that her family has started a hydroponic garden in the backyard.

Mr. DiClemente updated the Board on the Bike to Work Day. The event took place on March 12, 2015, 108 riders attended the 4 mile bike ride with activities concluding at Boca, a sponsoring restaurant.
