He provided the Board members that were not present at the September meeting with history of how the project started and distributed packets that provided specifics and picture renderings of what the proposed art project would look like. He explained that there is proposed to be a coordinated effort of five simultaneous exhibits across Central Florida for 10 days. He said that Sam Flax has agreed to be a sponsor of in-kind donations. On November 20th he met with Sharon Line-Clary of Florida Hospital and on December 2nd he made an official request for sponsorship was made. This will be done in collaboration with the Orlando Museum of Art at one of its First Thursday events on April 7, 2017. He requested that the PAAB provide him a letter of support to take to the Parks Board with him.

The Board members discussed the issues of location, maintenance, security, and city code. Ms. Hayes provided insight of City code as to whether this would be considered a sign. She explained that this would be classified as an interactive art project, and also that it would be treated as a special event. It would be routed to each city department so that there is complete understanding of the project.
Motion made by Jan Clanton, seconded by Caryn Israel to grant conditional approval to the request subject to the following:

1. The Board will be installed in a location with high visibility.
