Approval of Minutes

Old Business

A. I-4 Ultimate Art Endowment

Representatives from RLF (Christopher Doig, Steven Purcell, Jocelynn White) and Josh Marinov from Lokivon & Associates, presented an update on the I-4 Ultimate Art Endowment project. The number of poles in the sculpture was decreased from 100 to 67 due to budget as well as keeping in line with the new sound barrier that blocks the original vehicular view. The I-4 on ramp also resulted in the artwork being located back a bit further from the sidewalk which, according to RLF, will not affect the integrity of the project. We are on schedule to move forward with RLF/Lokivon once we receive final approval from I-4 Ultimate.

- B. Clarissa Howard was unable to attend the meeting but an email from her was read into record asking the board to assist with curating the placement of artwork and securing two statement pieces - one at the Events Center and one at the Library. The board expressed a great interest in obtaining statement pieces that speak to the history of the community and interviewing various community members.

New Business

- A. Main projects - a list of past PAAB projects including Art on the Green and Art in Chambers was presented to the board for review.
- B. PAAB Strategic Plan - edits have been received from some board members and those will be sent to the entire board all together. When emailing correspondence, board members need to respond to liaison only and not the entire board. Since this strategic plan discussion will be somewhat time consuming, it was decided to schedule future meetings which are allocated to this topic. A future art funding source is deemed important to the board and this will be studied and possibly presented to City Commission.
- C. Meeting on December 21 - board would like to keep this meeting on schedule.
- D. Board is definitely interested in hardhat tour of Library & Events Center in January or February so this will be scheduled.

With no further business, the meeting adjourned at 1:39 p.m.
