City of Winter Park Staff: Butch Margraf

EXECUTIVE SUMMARY

Call to order: Chm. Erne called the worksession meeting to order at 8:15 am.

Purpose of Meeting: Butch Margraf explained the purpose of the bike ride activity was to site visit the defined area of Aloma Ave, Cady Way, St Andrews ditch, and Lakemont Ave. The Planning and Zoning Board and the City Commission commented that the Pedestrian and Bicycle Advisory Board (PBAB) should evaluate the area and make recommendations for safe pedestrian and bicycle movement. There are existing facilities, current projects, and proposed plans for this area to consider in the evaluation. These are: Cady Way Cycle Track, Cady Way Trail, Florida Hospital Expansions, Project Wellness, the St Andrews Trail, Ward Park Trail, and the Church Trail.

Items discussed during the ride:

1. Improving existing paths/sidewalks within Ward Park.
2. Modifying the paved dead end section of roadway across from the 4 Seasons driveway that provides access to the area of Ward Park at the baseball fields. Design and reconstruct it to a “path” size connection into the park.
3. Continue sidewalk along Loch Lomond Drive from parking area to St Andrews Blvd. Use bumpout to get walkway around the 50 inch oak tree.
4. Idea for mountain bike course at the north east corner of Ward Park.
5. Dundee Drive, remove parking for bike lanes.

Recommendations:

ADJOURNMENT

Chm. Erne adjourned the worksession bike ride at 10 am. Next board meeting is January 12, 2016, 8:00 am, Public Safety Building, Chief Raymond E. Beary Community Room (2nd floor) at 500 N. Virginia Avenue.

Respectfully submitted,
