He stated that Senior Planner Stacey Scowden, Mayor Strong and City Attorney Cheek attended, along with two interveners and three Winter Park citizens. Mr. Briggs believed they had a good meeting with the DCA and they seemed to understand what the corrections were and how they fit into our context. He addressed the State being interested in concurrency, infrastructure, and environmental policies; they will look over these materials but was not sure of the timeframe of that. Commissioner Eckbert arrived at this time.

Mayor Strong agreed that the meeting went well but thought they would not hear from them for months. Attorney Cheek agreed. Mr. Briggs explained when they hear from them, the conclusion has to be converted to a written document which says these things will be incorporated. He addressed the existing motor control equipment not being adequate to accommodate the new blowers and electrical service with the aeration improvements. Mr. Zusi explained that the change order to this contract will save the City $160,000 rather than doing a traditional design, bid, build type contract. He stated that it would be very expeditious in timing and a cost savings to do it this way. Mr. Zusi answered questions.

Motion made by Commissioner Eckbert to approve Action items b-5; seconded by Commissioner Bridges and carried unanimously.

Item d: Approve the extension of the ARTYgator exhibit until May 18, 2008.

Tom McMacken, 1821 Shiloh Lane, Chairman of the Public Art Advisory Board, but speaking as a private citizen, reported on the comments that he and other board members have received regarding the exhibit. He commented that the main question was when the exhibit was leaving. He asked the Commission not to grant the extension as requested.

Patty Heidrich, 1112 Schultz Avenue, asked not to approve the extension.

Mindy Matthews, ARTYgator Project Director, spoke about the exhibit start date of October 1, 2007 and ending after the Winter Park Art Festival. She stated this has been successful, well received and there were a number of endorsements and benefits to the community.
Motion made by Commissioner Bridges not to approve the extension and to terminate the project as planned at the end of the art festival; seconded by Mayor Strong for further discussion.

There was a lengthy discussion regarding the extension of the art project and exhibit. Commissioner Bridges asked for a commitment from Ms. Matthews that if they agreed to this that there be no extensions beyond May. Ms. Matthews agreed.

Tom McMacken, 1821 Shiloh Lane, explained that the Art Advisory board felt that the ARTYgators project was a commercial endeavor and it was not a public art issue therefore, it was out their purview.

Mayor Strong reiterated that this was tabled at the request of the prevailing party and it will be on the March 10 agenda.

City Attorney's Report:

Attorney Cheek encouraged the Commission to establish guidelines regarding appeals. He recommended they limit the presentation to 15 minutes for each side and does not include staff's presentation. Attorney Cheek stated that this will be on the next agenda and staff will send out a notice to the parties involved. There was a consensus among the Commission.

Non-Action Items:

There were no non-action items.

New Business (Public):

1. Lurline Fletcher, 790 Lyman Avenue, asked about the stop light at Denning and Canton. She asked that the streets be cleaned and asked about bricks on Pennsylvania from Morse to Welbourne and if notice will be given. Troy explained the light situation, the streets are being cleaned and the streetscape project on Pennsylvania whereby notices were provided.

2. Jeffrey Blydenburg, 204 Genius Drive, expressed enthusiasm regarding the progress of the form based code. He commented on how it has been a long process but they had strong community involvement. He stated that the most important people to participate in the process will be the Commissioners and their involvement will send a message that they are vested in this process and things will move forward.

New Business (City Commission):

1. Commissioner Diebel asked about the strategic planning session being scheduled and what is going to be accomplished. City Manager Knight explained the schedule, the goals and the process that will take place. He explained that Dr. Right, a professor at the University of Central Florida, agreed to facilitate the process and will meet with each of the Commissioners individually. He stated that the Commission can help guide the facilitator towards the issues they feel are important.
There was a lengthy discussion as to what each Commissioner believed should take place in the upcoming session. Commissioner Diebel expressed her preference to see the agenda more structured and wanted information packets for items/issues they can provide direction to. City Manager Knight explained that staff will provide the necessary backup information for them to make decisions on each of these major topics. Mayor Strong suggested they use the original strategic planning document that was used a few years ago and this could be a starting point to see what has changed from that strategic plan to where they are today.

Commissioner Diebel commented that she wanted to know what the likely decisions and major milestones the Commission or subsequent Commissions will be facing and what we consider the critical milestones that they have to plan for. She believed this was how an effective meeting should be structured. She explained the eight objectives that sent out that she believed needs to be accomplished regarding the strategic plan and suggested they limit the discussion to whether these are the right things to focus our time, money, planning and resources on. She commented that she will resend these objectives to Mr. Knight to circulate to the Commission. Mayor Strong commented that they should discuss this at the next meeting and if everyone is comfortable with her ideas to establish that as the agenda.

2. Commissioner Eckbert proposed that a Charter Review Committee be formed to review the Charter. He suggested that each Commissioner nominate two appointees at the next meeting. Commissioner Bridges agreed that it should be looked at but thought the new Commission should be involved since they will be here for the next 3 years. She believed it was not the appropriate time to do this.

Commissioner Eckbert commented on who would be best to serve on the committee. Mayor Strong suggested that this item be on the agenda for the next meeting for discussion, if not approval. Mr. Knight agreed to do so. Mayor Strong also commented that previous City officials and lawyers would be good to participate in this kind of effort. Commissioner Eckbert suggested that they bring their recommendations to the next meeting.

The meeting adjourned at 5:00 p.m.
