We completed another successful quarter and received good news: *Library Journal* selected us to host their 2025 Design Summit! This is a significant honor, indicating high regard and recognition for our campus design and how our Library enriches the community. The event gathers library directors and board chairs with a focus on new library design and planning and features sessions with leading architects. The selected host site is prominently highlighted in *Library Journal's* coverage. **We are the first Florida library to host this.**

As we step into 2025, we're gearing up for an exciting year, culminating in our 140th anniversary celebrations! From AI classes to Jane Austen events to peaceful play, there's truly something for everyone this year, and we look forward to next quarter's statistics bearing that out.
