Winter Park storm information

POWER RESTORATION

as of Friday, September 30, 2022 @ 11 a.m.

POWER RESTORATION

- The city currently has approximately 1,750 customers without power.
- The city's local and contracted crews have begun restoration efforts with a focus on the following priorities:
 - Priority 1 = critical life-safety locations and critical lift stations
 - Priority 2 = largest outages repair power lines serving the largest number of customers in multiple locations
 - Priority 3 = smallest outages repair power lines serving a small number of customers at each location
- Crews are currently working in areas with a large number of customers south of Aloma Avenue and east of Lakemont Avenue, Fairbanks Avenue, and Mead Garden.
- In addition, all other electric and forestry crews are working in all other areas of the city to restore power.
