Christmas on Park

Special thanks to the Park Avenue District for their vision and design of downtown Winter Park's holiday décor. The city's rich history, rooted in oranges and magnolias, dates back to the late 19th and early 20th centuries, when citrus groves – especially Temple oranges – thrived. Symbolic of Southern hospitality, magnolias still grace our landscape today.

This year's holiday décor honors the city's heritage and embraces the timeless charm of Winter Park's downtown. With support from city and Community Redevelopment Agency matching funds combined with the District's fundraising efforts, they have created a multi-sensory experience. The experience includes music, fragrances, a carousel and cathedral of lights that brings the magic of the holidays to life for both residents and guests.
