RE: Project Update

SR 527 (North Orange Avenue from Clay Avenue to South Orlando Avenue)  
Financial Project Identification (FPID) Number: 445691-1

Dear Property Owner or Current Resident:

The Florida Department of Transportation (FDOT) is implementing roadway and pedestrian safety improvements along State Road (S.R.) 527 (North Orange Avenue) between the intersections of Clay Avenue and South Orlando Avenue (U.S. 17/92).

In the upcoming weeks, this project will begin phased traffic pattern changes. Starting on **Sunday, September 15, 2024**, there will be an inside lane closure from east of Westchester Avenue to west of Westminster Avenue. Traffic will be reduced to one lane in each direction. This closure will remain in place until the first week of October, when final lane configurations will be implemented for this section. Please note that the construction schedule may change due to weather or other unforeseen circumstances.

This phased closure will continue throughout the project to support safety enhancements in the area, including raised crosswalks, signalization improvements, new drainage structures, lighting installations, and bus pads. The estimated completion date is early 2025. More details about the planned improvements are provided on the project website at [www.cflroads.com/project/445691-1](http://www.cflroads.com/project/445691-1).

If you have questions, concerns, or feedback, please email me at [Annabelle.BruzosVega@dot.state.fl.us](mailto:Annabelle.BruzosVega@dot.state.fl.us) or call me at 321-319-8130.

Sincerely,

*Ms. Annabelle Bruzos Vega*
