

FOR IMMEDIATE RELEASE:

Solana Fine Art Presents Reflections In Form

Featuring Guest Artist Holly Irwin and Introducing Margaret Juul

Winter Park, FL — Tuesday, August 4, 2026 — Solana Fine Art is pleased to announce *Reflections in Form*, a new exhibition featuring the expressive figurative paintings of guest artist Holly Irwin and introducing the tranquil, water-inspired work of Margaret Juul. The exhibition will be on view from August 7 through September 4, 2026, with an opening reception on Friday, August 7, from 5:30 to 7:30 p.m.

Reflections in Form brings together two distinct artistic perspectives in a thoughtful dialogue between body and landscape. Through intimate, evocative figurative paintings, Irwin explores subtle emotion, gesture, beauty, and human connection. Juul's luminous compositions draw inspiration from water, light, movement, and stillness, inviting viewers into moments of contemplation and discovery.

"Although Holly and Margaret approach their work from very different perspectives, there is a shared sensitivity in the way they invite us to slow down and look more closely," said Bob Jimenez, Founder and Gallerist of Solana Fine Art. "Together, their work feels especially meaningful as we move toward the close of summer."

Holly Irwin is a contemporary figurative artist whose expressive paintings explore beauty, strength, emotional depth, and the complexity of human connection. Characterized by bold color, dynamic composition, and intuitive mark-making, her work captures moments that feel both deeply personal and universally familiar. Through her figures, Irwin creates visual narratives that encourage viewers to reflect on emotion, identity, and the connections that shape our lives.

Margaret Juul creates luminous contemporary paintings inspired by nature, memory, and the ever-changing qualities of light. Her richly layered works blend elements of abstraction and representation, revealing landscapes and forms that feel at once familiar and dreamlike. In her water-inspired compositions, shifting light and subtle movement become meditations on stillness, place, and the passage of time.

Together, the artists' work creates a quiet and compelling conversation—one that moves between the intimacy of the human figure and the contemplative expanse of the natural world. *Reflections in Form* invites viewers to pause, reflect, and experience the connections that emerge between emotion, memory, movement, and place.
