POWER OUTAGE MAP

- A live power outage map is posted at cityofwinterpark.org/emergency
- If a red dot appears on your parcel, the city is aware of the outage – no need to call.
- If the map does not accurately reflect your current power status, please report the issue to [1-877-811-8700](tel:1-877-811-8700).
- The data for this map is collected by our automatic-meter reading system and relies on the integrity of the system. Our plan is to keep the map live throughout the duration of the storm and during our recovery period. If our meter reading system is compromised by the impacts of Hurricane Dorian, the map may be disabled.
- During a major storm and especially if a curfew is enacted, please stay indoors. There may be downed lines that are still energized and can cause serious injury and possible death.
