# PRESS RELEASE

## Precautionary Boil Water Notice

**WINTER PARK, FL, an internationally recognized, award winning city with multiple accredited agencies (February 11, 2020)** The City of Winter Park is issuing a precautionary Boil Water Notice for Winter Park water utility customers that live within the boundaries affected by the water outage today, February 11. Areas affected begin at Lee Road and Adanson Street extending north and westerly to include those portions of Kingswood Manor, Queenswood Manor, Asbury Park, Forest Edge and Lake Weston. (attached map shows impacted area within the redlined border)

This precautionary boil water notice is due to an 8" water main break, resulting in limited areas of complete outage, as well as a portion of areas listed above that may have experienced a temporary water pressure drop below that of set standard.

Therefore, as a precaution, it is advised:

- All water used for drinking, cooking, making ice, brushing teeth or washing dishes be boiled.
- A rolling boil of one (1) minute is sufficient.
- As an alternative, bottled water may be used.

This "Precautionary Boil Water Notice" will remain in effect until the water main work is completed and bacteriological surveys show that the water is safe to drink. This precautionary notice is in effect for approximately 48 hours. A rescission notice will be issued upon successful completion of water sampling.

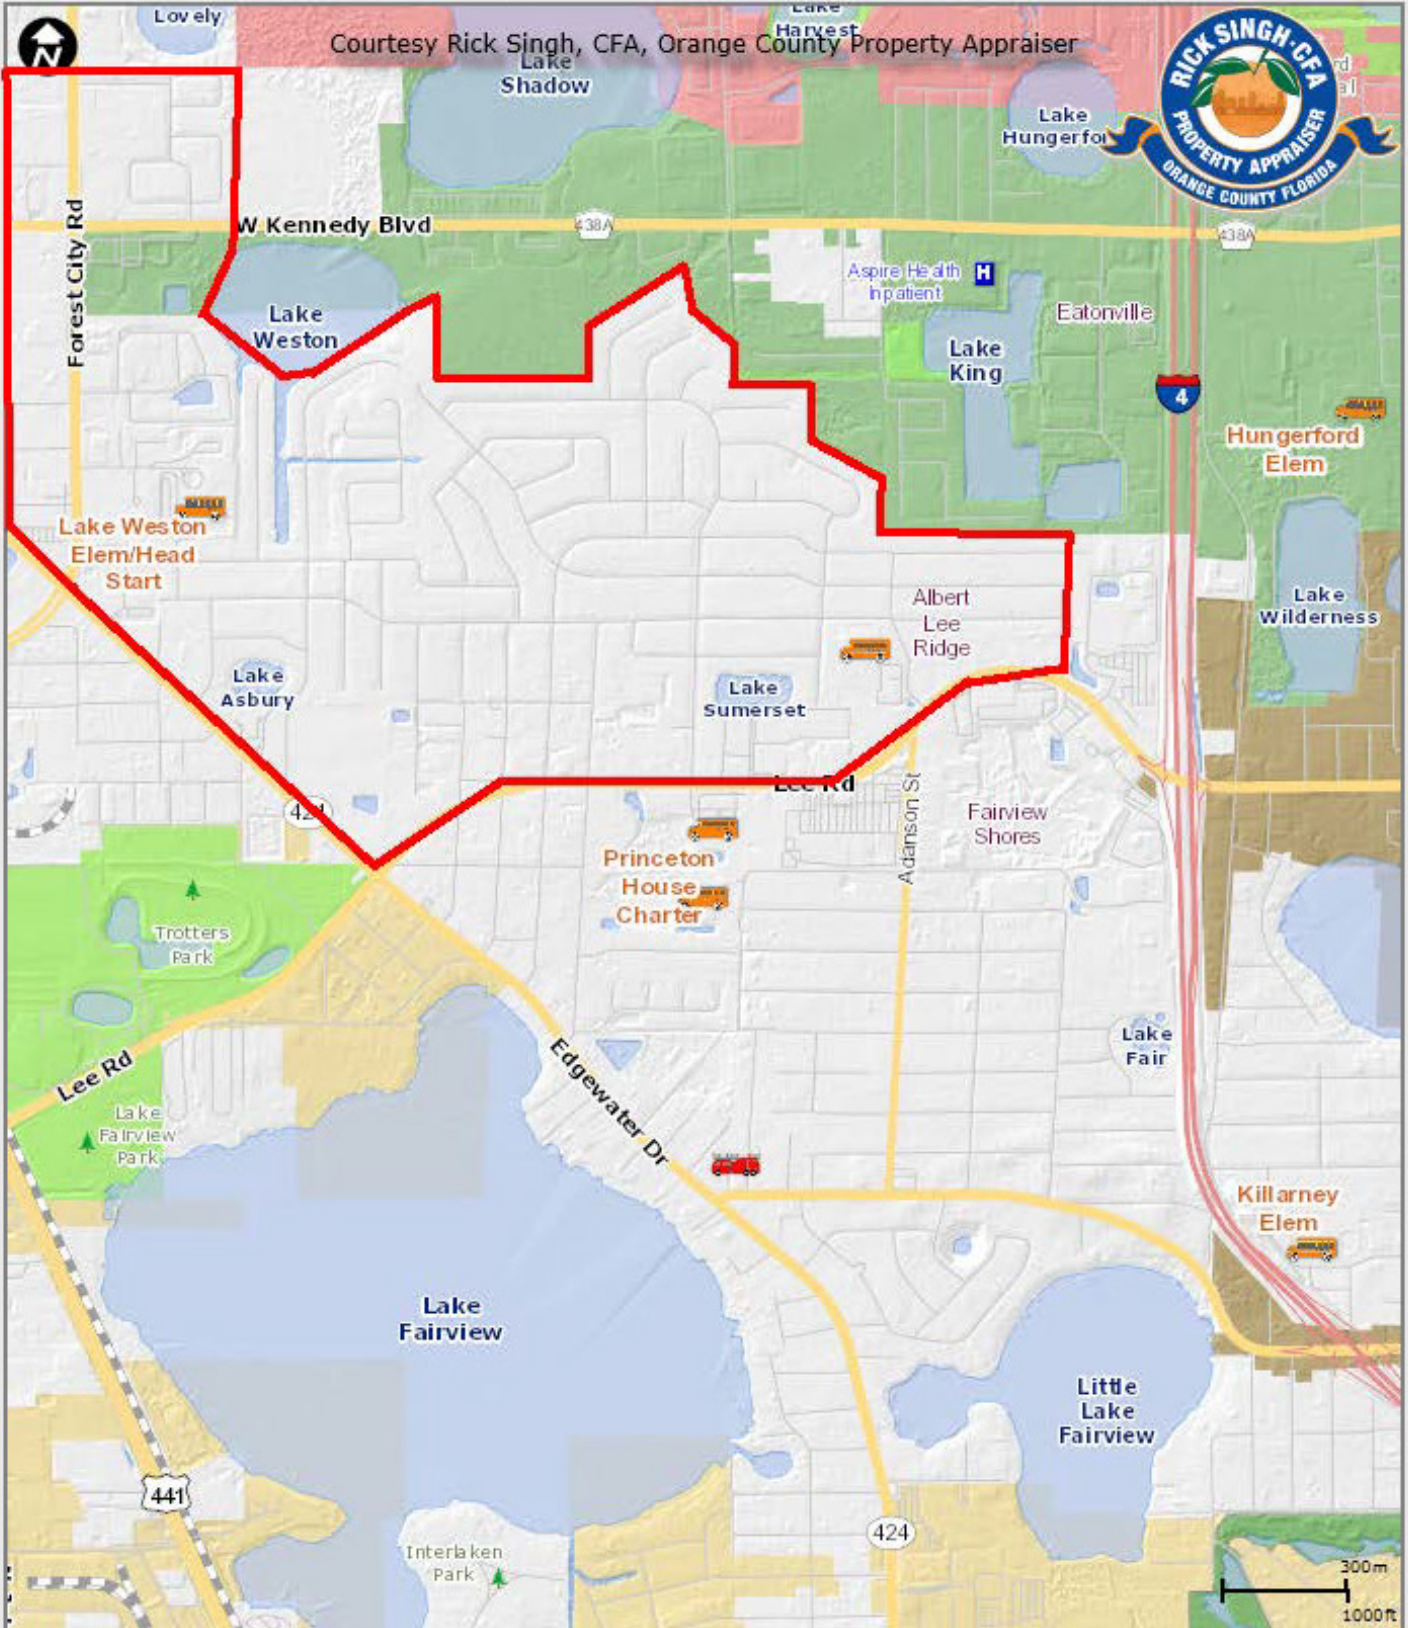

Please call the City of Winter Park Water & Wastewater Utilities Department at **407-599-3219** with any questions.
