PRESS RELEASE

Winter Park partners to recycle election signs

WINTER PARK, FL, an internationally recognized, award winning city with multiple accredited agencies (October 30, 2020) The City of Winter Park's Sustainability Program is partnering with the [League of Women Voters of Orange County Natural Resources Committee](#) to recycle election signs generated from this year's political campaign season.

DROP OFF

Winter Park residents are encouraged to bring their signs and stands to the following locations now **through Sunday, November 22:**

- **Cady Way Park:** 2525 Cady Way
- **Community Garden @ Mead Botanical Garden:** 1300 South Denning Drive
- **Winter Park Fire-Rescue Station 64:** 1439 Howell Branch Road

This recycling initiative, supported by [Eco Strategies Group of Orlando](#), will prevent an abundance of yard signs from going to a local landfill. Instead, the signs will be transported to [NuCycle Energy](#) where they will be transformed from bulky discarded plastic to NuCycle's Enviro Fuelcubes. The Fuelcubes are then sold to [Cemex](#), a large regional cement manufacturer, where they are used to generate electricity, replacing coal as a cleaner energy source.

For more information regarding this sustainability recycling effort, please contact 407-599-3364.
