CANAL CLOSURE

Venetian and Fern canals to close for maintenance

WINTER PARK, FL, an internationally recognized, award winning city with multiple accredited agencies (April 4, 2023) The Venetian Canal, which connects Lake Maitland to Lake Osceola, will be closed beginning Monday, April 17, for regular maintenance dredging. The use of this canal will be restricted Monday through Friday, and will reopen for regular use on Saturdays and Sundays. This work on the Venetian Canal is expected to be completed in six weeks (weather permitting). An update will be provided when Venetian Canal work is concluding.

Once completed, the same work schedule will be implemented at the Fern Canal, which connects Lake Osceola to Lake Virginia. The estimated timeline for the Fern Canal project is three weeks from commencement.

We apologize for any inconvenience this maintenance may cause. For more information, please contact Noemi Schudel at nschudel@cityofwinterpark.org or 407-599-3233.

To receive email notifications about what's happening on your lake and other important news about city waterways, be sure to sign up for lakes notifications at cityofwinterpark.org/lakes.
