

HURRICANE MILTON

Winter Park storm information

ALL POWER RESTORED

Friday, October 11, 2024 @ 11:30 a.m.

As of 8 p.m., October 10, all Winter Park electric customers whose outages were repairable by the city's crews and reported an outage have been restored.

If you are still experiencing an outage, please report it by contacting [1-877-811-8700](tel:1-877-811-8700).

At the peak of Hurricane Milton, approximately 275 customers were without power. The Winter Park electric crews, along with mutual aid assistance from Cedar Falls Utilities (Iowa), Fairhope Alabama, Muscatine Power and Water (Iowa), and Paducah Power System (Kentucky), worked around the clock once the conditions were safe to restore our community's power.

We are proud of the work they have accomplished and grateful for the light they shine on our city.
