PRESS RELEASE

Winter Park City Commission seeks input in preparation for strategic planning session

WINTER PARK, FL, an internationally recognized, award winning city with multiple accredited agencies (June 3, 2024) On Thursday, June 27, the City Commission and members of the city's management team will participate in a full-day strategic planning session. The purpose of this session is to identify the city's priorities and develop strategies to support the strategic goals for the next five to 10 years.

To prepare for this important discussion, the city is requesting input from its residents via a brief [online survey](#). Although the survey is informal and not statistically valid, the input gathered will be used to help guide the City Commission's strategic planning conversation.

If you live or work in Winter Park city limits, please complete the [survey by accessing surveymonkey.com/r/2024Strategic_Plan](#) by 5 p.m., Monday, June 17. Thank you for sharing your input and helping identify your priorities for the Commission's consideration.
