PRESS RELEASE

Community Canopy Program delivers free trees to Winter Park residents' doorsteps

WINTER PARK, FL (April 23, 2025) The city's [Urban Forestry Division](#) has again partnered with the [National Arbor Day Foundation](#) and [Florida Forest Service](#) to present the Community Canopy Program. Winter Park residents can order a FREE tree from Urban Forestry by accessing cityofwinterpark.org/urbanforestry and clicking on the Community Canopy Program Information button.

City residents have the option to choose from two different tree species, sweetbay magnolia and live oak. The one-gallon tree will then be delivered directly to the resident's doorstep along with instructions on planting and care.

Please join in the city's efforts to expand and maintain Winter Park's storied tree canopy by beautifying your property with a free tree that will benefit generations to come. It is important to always remember to choose the "right tree for the right location."

The National Arbor Day Foundation is the world's largest membership non-profit dedicated to planting trees. Its Community Canopy Program is designed to offer cities an easy solution for providing trees to residents in their communities.

For additional information regarding the city's tree canopy efforts, please contact Urban Forestry at urbanforestry@cityofwinterpark.org.
