PRESS RELEASE

“FIX IT! DON'T Pitch It”

WINTER PARK, FL (April 28, 2025) “Fix It! Don't Pitch It,” initiated by the City of Winter Park and Winter Park Library, a well-known community repair workshop, will occur **Saturday, May 17, from 9 a.m. to noon**, at the Winter Park Events Center located at 1050 W. Morse Blvd. The workshop is designed to support the city's Sustainability Action Plan by reducing the daily consumption of goods in homes, encouraging recycling, providing an opportunity to save money through trade, as well as learning about valuable skills and resources from volunteers within the community.

Items that may be considered for fixing include eyeglasses, bicycles, electronics, small appliances, woodworking, clothing and other textiles. There will be a limit of two items per person. Services are subject to change.

The city is seeking skilled volunteers to serve as fixers for this event. If you have experience repairing household items such as sewing, electronics, mechanical or anything in-between, we encourage you to share your talents with the community. If interested, please contact sustainability@cityofwinterpark.org.

For questions regarding Winter Park's “Fix It! Don't Pitch It” community repair workshop or to volunteer to fix items, please contact sustainability@cityofwinterpark.org or 407-599-3364. For more information, including partner events, please access cityofwinterpark.org/fixitdontpitchit.
