What are those large shiny silver poles on Park Avenue?

If you have driven onto Park Avenue from Fairbanks or Webster avenues, you may have noticed two very large shiny silver poles greeting you at each entrance. Do not be alarmed, charm is on its way.

In late August, the silver poles on the north end (by Webster Avenue) will be transformed into a beautiful historic gateway sign. Then in late September, the same will happen to the poles on the south end (by Fairbanks Avenue).

These two new gateways are designed to honor downtown Winter Park's heritage and historic significance. The Downtown Winter Park Historic District, in 2011, was added to the [National Register of Historic Places](#), the official listing of historically significant sites and properties throughout the country.
