

The Construction Services Division of the Water & Wastewater Utility Department will be replacing the water mains and service lines in The Greenview at Winter Pines Subdivision.

Work will begin Monday, September 10, 2018 and is scheduled to be completed by Thursday, January 31, 2019.

At some time during the construction individual water services will be disrupted for approximately 30 minutes. Residents will be notified prior to any interruption of service.

We regret any inconvenience caused by this project. Should you have any questions or require special consideration, please contact George Richardson at 407-599-3219.
